RAILROAD STREET CAT BUS STOP TEMPORARILY CLOSED

Effective Monday, September 24th, the CatBus stop located on Railroad Street will be closed for approximately 60 days. Road construction has forced the closure.

There will be some route changes as a result of the construction, and transfers from the residential route, business route, and express route will take place at the Oconee Memorial Hospital bus stop.

For details on exact route and times changes, please visit www.catbus.com to download the app, or you may call 864-654-CATS.

Please accept our apologies for the inconvenience this temporary closure may cause. We appreciate and thank you for your patience as we make these necessary road improvements.

The City of Seneca Fire Department provided the ladder truck & the 60-foot high bucket, and Dr. Bill Chiles, medical director of the emergency medicine department at Oconee Memorial Hospital, provided the muscle to throw 200 golf balls toward a bullseye painted on the ground below.

All to help the Oconee Memorial Hospital Foundation raise \$10,000 for local health care services.

Chief Caudill of the Seneca Fire Department said OMH and the Fire Department have a great working relationship, and it was a lot of fun to help out with the fundraiser.

City and County officials attend Key Issues Conference in Washington, D.C.

The White House Office of Intergovernmental Affairs invited key South Carolina officials and local leaders in early September to attend a White House Conference. The forum was designed to open a dialogue between key administration officials and policymakers and local SC leaders on pertinent issues impacting the state of South Carolina.

Attending on behalf of the City of Seneca were Mayor Dan Alexander and City Administrator Scott Moulder.
